MADE IN ITALY

COMPANY KERZ SNC

Since 1980 "IP Pomari Innocente" has been designing and manufacturing plastic injection moulds for household goods, die cast plugs, water tanks and technical articles. The company has enlarged and set up a new division. It now produces both moulds and its own die cast plugs.

KERZ PLUGS

Kerz-Plugs's primary focus is product quality: the employment of automatic lines ensures all customers' requests be satisfied through customized solutions.

KERZ MOULDS

Thanks to the onsite design studio, Kerz-Moulds provides customers with bespoke consultancy so as to realize their projects and ideas by using state-of-the-art CAM and CAD softwares

PRODUCTION

100% MADE IN ITALY

Our up- to-date computer system manages Kerz's highly automated production line. Our new management system contributes to optimizing the logistics of both products and raw materials, thus enhancing the flexibility we are able to provide our clients with.

LABORATORY

Kerz's laboratory is equipped with state-of-the-art machinery with which we carry out daily inspections on both raw materials and finished products, so as to guarantee strict compliance with the relevant legislation and quality standards.

RESEARCH & DEVELOPMENT

Our R&D division looks to the future and keeps us up to date with any changes and improvements occurring in our sector. We create new solutions by using specific CAD/CAM softwares and cutting-edge CNC machines.
